- Navigation:** The right arrow button is circled in red. The 'Done' button is circled in red.

To edit kit templates

1. On the *Settings* tab, click **Categories**. The *Categories* page opens.
2. In the left pane, locate and select the kit. The right pane shows its details.
3. Click Add **Attribute**. The *Attribute* window opens.
4. Click each attribute you want to add to this type.
5. When you are done, click **Close**.

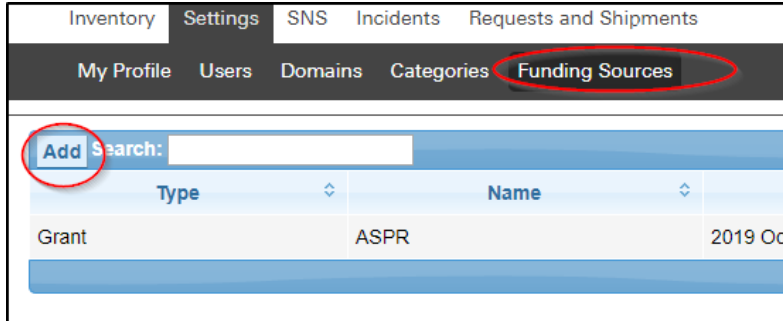

6. To change items and quantities in the kit, click **Edit Items**. The *Add Items to Kit* page opens.

7. In the **Items** pane, locate and select an item.
8. Click the right arrow to add it to the kit. The item appears in the *Kit Items* pane.
9. Enter or change the **Amount**.
10. Repeat these steps to continue adding items.
11. To edit an existing item's quantity, locate it in the right pane and enter the changed **Amount**.
12. To remove an existing item, select it in the right pane and click the left arrow.
13. When you are finished, click **Done**. The **Items** table shows your additions and changes.
14. Click **Save**.

To add a funding source

1. On the **Settings** tab, **click Funding Sources**. The Funding Sources page opens.
2. Click **Add**. The Add Funding Source window opens.

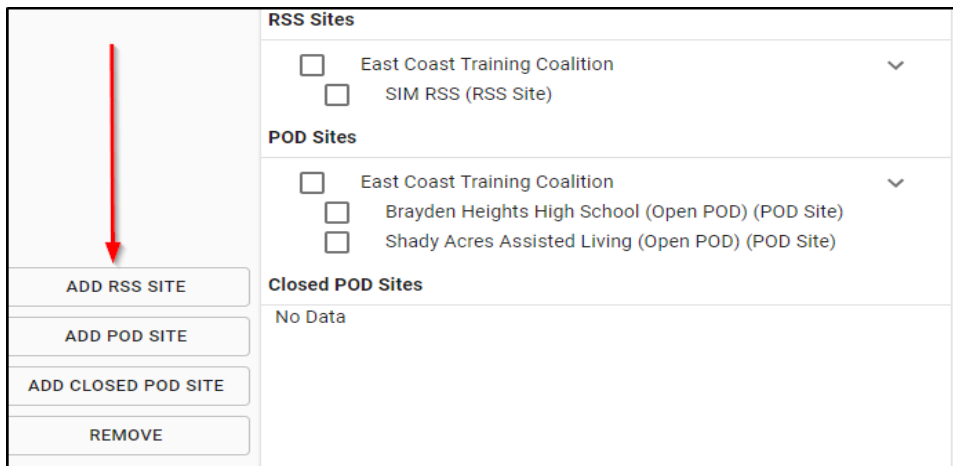

3. Select the level of access (**Available To**).
4. Select the **Type**.
5. Enter a **Name**.
6. Indicate the source's **Start Period and End Period**.
7. To make the source available, be certain the **Active** check box is selected.
8. Click **Save**.

Working with SNS and Incidents

To add RSS and POD sites

1. On the **SNS** tab, in the *Available Locations* area, select the check box for all locations you want to designate as either RSS, POD, or closed POD sites.
2. Click **Add RSS Site**, **Add POD Site**, or **Add Closed POD Site**. The selected sites appear in the corresponding area on the right.

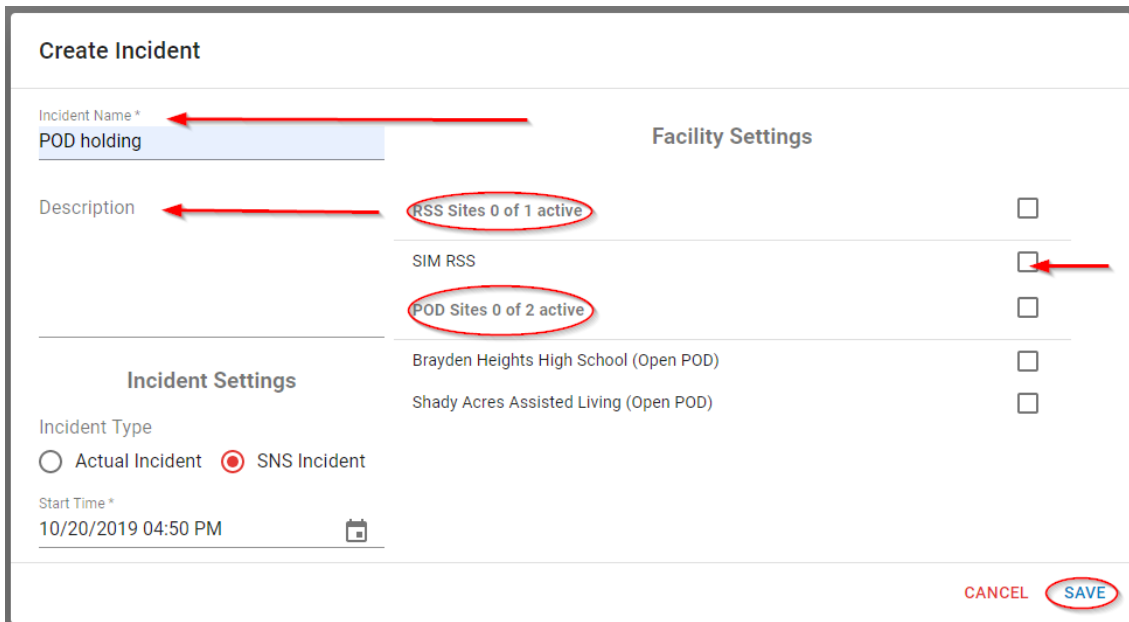

To create incidents

1. On the **Incidents** tab, click Create Incident. The Create **Incident** window opens.

2. For **Name**, enter the name of the incident.
3. For **Description**, enter basic information about the nature of the incident to help other people better understand the situation.
4. For **Type**, click either **Actual Incident** or **SNS Incident**.
5. Enter the **Start Date and Time**.
6. If you are creating an SNS incident, in the Facility Settings area, select the check box to identify the RSS and POD sites.
7. Click **Save**. The incident appears on the page.

A screenshot of the 'Create Incident' form. The form is divided into several sections:

- Incident Name ***: A text input field containing 'POD holding'. A red arrow points to this field.
- Description**: A text input field. A red arrow points to this field.
- Facility Settings**: A section with several checkboxes:
 - RSS Sites 0 of 1 active**: A checkbox that is currently unchecked. The text 'RSS Sites 0 of 1 active' is circled in red.
 - SIM RSS**: A checkbox that is currently checked. A red arrow points to this checkbox.
 - POD Sites 0 of 2 active**: A checkbox that is currently unchecked. The text 'POD Sites 0 of 2 active' is circled in red.
 - Brayden Heights High School (Open POD)**: A checkbox that is currently unchecked.
 - Shady Acres Assisted Living (Open POD)**: A checkbox that is currently unchecked.
- Incident Settings**:
 - Incident Type**: Two radio buttons are present: 'Actual Incident' (unchecked) and 'SNS Incident' (checked).
 - Start Time ***: A date and time picker showing '10/20/2019 04:50 PM'.
- Buttons**: At the bottom right, there are two buttons: 'CANCEL' and 'SAVE'. The 'SAVE' button is circled in red.

To edit incidents

1. On the **Incidents** tab, locate the incident and click **Edit Incident**. The Edit Incident window opens.
2. Update the **Name**, **Description**, **Type**, **Start Date** and **Time**, and/or **Facility Settings**.
3. Click **Save**.

To end incidents

1. On the **Incidents** tab, locate the incident and click **End Incident**. The End Incident window opens.

2. Click **End**. The incident is removed from the page.

Configure your account
